O R D E R

Pending before the Commission in these unconsolidated cases is a joint motion of Drew Foley, Janet Overman, Gregg Wagner, Rick Clewett, Raymond Barry, Sierra Club and Natural Resources Defense Council (collectively "Movants") to modify the procedural schedule to allow the Movants to file supplemental testimony by September 23, 2011. In support of the joint motion, the Movants state that on September 14, 2011 Louisville Gas and Electric Company ("LG&E") and Kentucky Utilities Company ("KU") filed supplemental responses to Commission Staff's first data request, which contain "new and substantively different analysis" regarding the environmental compliance plans proposed by LG&E and KU. Since the existing procedural schedule required intervenor testimony to be filed by September 16, 2011, the Movants contend that there is insufficient time for them to revise their testimony to reflect the analysis in the

supplemental data responses and to file their revised testimony by the September 16, 2011 due date. To ensure that they are not prejudiced, the Movants request that the procedural schedule be modified to allow them until September 23, 2011 to file supplemental testimony addressing the analysis in the supplemental data responses. Movants note that LG&E and KU do not object to their joint motion.

Having reviewed the pleading and being otherwise sufficiently advised, the Commission finds that the Movants have established good cause to modify the current procedural schedule for the limited extent of allowing them to file supplemental testimony by September 23, 2011. The Commission further finds that Movants did tender for filing their supplemental testimony on September 23, 2011.

IT IS THEREFORE ORDERED that the Movants' joint motion to modify the current procedural schedule to allow the Movants to file supplemental testimony is granted and their supplemental testimony tendered on September 23, 2011 is accepted for filing.
